

## **Connect With the BroadVision User Community—Attend BVUG 2007**

Where can you get on-site, real-time, hands-on training on BroadVision solutions from BroadVision experts? Or meet fellow Portal, Commerce, QuickSilver, and Process users and exchange ideas on tips, tricks and best practices? At the BroadVision Worldwide User Group (BVUG) Conference 2007!

This year's conference takes place November 8 and 9 at the Clift Hotel in San Francisco, California. Join us for two full days of hands-on training tailored to your needs. You can specify the Business Track, Technical Track or QuickSilver Training to maximize the value you receive from attending BVUG 2007.

We have created a dedicated registration site that goes live on September 5 where you may register for the conference. You may call our dedicated phone line, (650) 331-1000 or (678) 548-3532, at any time for more information. Or email us at [bvug2007@broadvision.com](mailto:bvug2007@broadvision.com).

Note that Oracle Open World starts the following Monday, November 12, so make your hotel reservations early. And if you're already coming to San Francisco for the Oracle show, this is a great opportunity to come to San Francisco once and participate in two valuable conferences on the same trip.

We look forward to seeing you in San Francisco at BVUG 2007!
